## Who We Are

**Safe & Just Michigan** works to reduce the harm caused by both crime and incarceration. We advance evidence-based reforms that improve public safety and eliminate unnecessary corrections spending.

**Safe & Just Michigan** collaborates with organizations from across the political spectrum who care deeply about safety and justice – including business and community leaders, faith communities, law enforcement, and organizations led by crime survivors, prisoners, and formerly incarcerated people. Safe & Just Michigan's leadership includes crime survivors, formerly incarcerated people, and their family members.

We hold in common the certainty that we can build a safer and more just Michigan.

## Our Goals

### Safe & Just Michigan works to:

- Increase public investment in services proven to reduce crime and violence, including trauma-informed services for crime survivors.
- Safely reduce the number of people incarcerated in Michigan.
- Collaborate with a wide range of organizations to help build a broad-based, bipartisan movement for a safe and just Michigan.
- Support the work of leaders representing those most harmed and least served by the criminal justice system.
